Intro: Capo 2 G - G - G

1. We bring to this offering
The gifts of bread and wine
The fruit of our human hands
They become Christ's body and blood
That nourish us all to life with him - so divine.

2. We bring to this offering
The love we share everyday
And the pain we endure on the way
In the sacrifices we make
As we strive to serve our God so divine, so divine.

Refrain: We pray for hope and joy
We pray for peace and justice
As Christ unites our hearts' desires
To His own offering of Himself to God the Father.

3. We bring to this offering
The sacred gift to forgive
The one who may've broken our heart
And ourselves when we fail to love
Grant us, Lord, warmth of your healing - so divine. (*Refrain*)

4. We bring to this offering
Our prayer for the plight of Our Home
As we yearn to preserve what are left
To decide and act that are best
To care for our world God has first created - so divine. (*Refrain*)
